

## SHORT LINE GETS ITS RIGHT OF WAY

Dispute Over Crossing Is Settled By Court.

### BLOCKADE IS NOW REMOVED

SHORT LINE GIVES \$10,000 BOND PENDING A SETTLEMENT.

The difficulty between the Rio Grande and the Short Line over the proposed Saltair track crossing on Fourth West street was settled yesterday, at least for the time being. An order of the court removed the blockade that the Rio Grande has been maintaining for some days past, and the way is open for the Short Line to complete its broad-gauge track.

The temporary settlement was brought about in Judge Hall's court yesterday morning. The Short Line, through its attorneys, went before the court with a complaint asking that the plaintiff be permitted to make and operate a crossing across the defendant's tracks at the point of contest on Fourth West; that the plaintiff be adjudged to have the prior right to the passage of its trains of similar class across the crossing; that the defendant be made to remove its cars and engines by means of which it has been blocking the way of the Short Line forces; and that the injunction be made permanent, so that the defendant would be restrained from obstructing the crossing of the Short Line any further.

The motion was heard, and, upon the Short Line filing a bond in the sum of \$10,000, to cover the cost of adjudged value and all damages in case the property is condemned, or for the use of the property prior to a decision in the case, if the premises are not condemned, the injunction was granted. The final hearing of the suit will come up at a later date.

As soon as the motion of the plaintiff was granted, the engineer on the engine that has been holding the blockade in place, pulled away from the disputed crossing and left a free passage for the Short Line forces.

A force of Short Line men were immediately set to work preparing for the construction of the crossing, and while it was not placed in position yesterday, it is expected to be in place today, and the trains to Saltair are expected to run on the Fourth of July from the depot at this point.

### RAILROAD CONSTRUCTION.

Many Miles of Track Laid—West Is at Head of List.

Figures presented by the Railway Age show that during the half year just passed railroad building has been going on at an unusual rate in every part of the United States. In six months no less than 2,314 miles of track have been laid, and it is estimated that if the building proceeds at this rate, more than 4,000 miles of track will be laid during this year. In this vast extension of railway systems the west plays an important part, and stands at the head of the list in matter of construction. The eight states usually classed as the southwestern states have built 1,143 miles of new line, which is nearly half the total mileage constructed during the half year. The states of the Mississippi river have built 1,613 miles of road.

The Railway Age goes on to state that while many of the large systems of the country are building large extensions, the majority of them have laid but little track so far. The time during the first part of the year has been devoted to surveying the routes of proposed new lines and putting them into shape to begin work during the last half of the year.

It is further stated that the work of grading is being pushed on several thousand miles of road, but that the number of the roads report difficulty in securing rails. This, it is said, is the only thing that will prevent the new tracks from being completed in the near future. Among the lines of importance under construction mentioned by the Railway Age is the San Pedro, Los Angeles & Salt Lake road, which has laid twenty-two miles of track in California.

### CAMPING IN COLORADO.

Rock Island Issues Book Describing Beauties of Colorado Mountains.

"Camping in Colorado" is a neat book issued by the Chicago & Rock Island Railroad company, in which the pleasures of camping in Colorado are described and the good places to camp are pointed out.

The book, which is neatly illustrated with colored half tones showing scenes of camping life among the rugged mountains of Colorado, gives a complete list of beautiful places where the pleasure-seeker may find rest, quiet and plenty to hunt and fish if he desires. The particular advantages offered by Colorado for camping are enlarged upon and all the necessities for a stay in the mountains are described. Not a detail is overlooked by the authors of the little book, even to an itemized account of what is necessary to take along to fit out a camp and run it for a month or two among the spruce pines of the rugged Rockies.

### Rain and Hail Damage Tracks.

Cheyenne, Wyo., July 2.—Trains from the east on the Union Pacific have been delayed on account of washouts on the Nebraska division. In the vicinity of Ogallala water stood for hours on the track and softened and washed out the roadbed in places. The damaged track was ripped and otherwise repaired, and trains are moving again. Passengers who arrived from the east say that a hailstorm visited Shelton Monday night and caused some damage. The stones were as large as hen's eggs.

### Railroad Notes.

General Manager W. H. Bancroft of the Short Line left yesterday on a two or three days' tour over the northern section of the road.

The Rock Island road is expected to handle the largest shipment of stock from Utah this season that it has handled in a long time. Mr. Oglesby stated yesterday that the shipment of cattle would not be very much larger than usual, but the movement in sheep would probably be a record breaker. The shipments of cattle and sheep will begin within a few days, and the railroad companies expect to do a big business, not only from Utah, but from the surrounding states, especially Idaho and Wyoming.

### A Cup of Lane's Tea at Night

Moves the bowels next day, and its continued use will cure habitual constipation, sick headache and indigestion. It will do you more good, and cost you less money than any other medicine on earth. Your druggist will refund you the purchase price if you are not satisfied. Price 25c and 50c a package. For sale by Godde-Pitts Drug company.

This great aerial bicyclist is giving daily performances at Saltair.

Elegant new line of H. S. & M. Sammer Suits just received. Bargains. Richardson & Adams, 172 Main street.

## DR. PRICE'S Cream Baking Powder

The difference of cost between a good and a poor baking powder would not amount for a family's supply to one dollar a year. The poor powder would cause doctors' bills many times this.

Dr. Price's Cream Baking Powder is the most economical in the end, because it goes further in leavening and insures perfect, wholesome food.

Used always in making the biscuit and cake it saves both health and money. Made from pure, grape cream of tartar, most healthful of fruit acids.

PRICE BAKING POWDER CO., CHICAGO.

NOTE.—You cannot, if you value good health, afford to use cheap, low-grade baking powders. They are mostly, in fact, made of cheap, low-grade alum, which endangers the health. Physicians will tell you that such powders in food are injurious.

### IN THE DISTRICT COURT

Mismatched Couples Air Their Grievances—New Cases and Decrees Granted.

### RAILROAD CONSTRUCTION.

### CAPTAIN TAYSUM DEAD.

Pioneer Indian Fighter Passes Away in This City.

Captain Andrew J. Taysum, one of the organizers and first officers of the territorial militia and artillery corps, died at his home in this city yesterday of old age and general debility. Captain Taysum, who is well known throughout the state, has been in ill health for several years, but up to a few days ago was able to be up and about his home. He took part in a number of years, and the ravages of hardships and exposures endured in early days, the machinery of his being run down three days ago he was confined to his bed. He soon became delirious and remained in that state until death relieved him from his suffering yesterday.

Taysum was born in Birmingham, England, Nov. 26, 1826, and came to this country in 1853. He cast his lot with the Mormons and settled with them in Salt Lake. It was at this time that he and others were harassed by the Indians and Mr. Taysum set on foot the movement to organize a militia and artillery for the protection of the residents of Zion. He was made the commanding officer of the artillery, and when Johnston's army was making its way through Echo canyon he took his corps to the canyon and stood against the invaders so long as he could. He took part in a number of skirmishes with the Indians, but escaped without serious wounds.

Mr. Taysum was a plasterer and freemason by trade, and was an expert in his business. The decorations of a number of historic houses today show his skill in his particular trade. The frescoing in the Salt Lake theatre, Amelias and the old city hall, was all done by him.

In the later days when the Veteran Artillerymen's association was organized, Mr. Taysum was elected president and held the position until his age and ill health forced him to resign. He was the father of the late Rawl G. Taysum, and leaves a large family of children and grandchildren to mourn his loss. The funeral will be held at his late residence, 453 Second street, tomorrow at 4 p. m.

### ELKS' BAND CONCERT.

Arrangement to Have It Held at the Salt Palace.

The band concert during the grand lodge and reunion will be held at the Salt Palace on the saucer track. That announcement was made yesterday afternoon by Colonel Samuel C. Park, chairman of the committee.

It is the intention of the committee to make general admission free, but a nominal charge will be made for seats, according to their location around the track. The band stand will be elevated and made large enough to comfortably seat not less than fifty musicians. It will be erected toward one end of the field in the track.

The committee is contemplating hanging up an extra prize for some of the bands which will compete. To add interest to the occasion the committee will probably offer a prize for the best band in the class which enters the second preliminary of the grand contest, but is barred from the finals. This award will likely be about \$250. This award will likely be about \$250. This award will likely be about \$250.

The Elks held their first meeting in the new club last evening. The attendance was very large in spite of the weather. The band will be elevated and thrown open to the use of the members tomorrow, the Fourth. The majority of the rooms have been completed and furnished. The dedicatory exercises will occur on July 28, with appropriate ceremonies.

### BUSINESS NOTES.

A regular quarterly dividend of 3 per cent has been declared on the stock of the National Bank of the Republic. In addition to the dividend the sum of \$10,000 has been by the directors ordered carried to the account of surplus and undivided profits, making this fund \$55,000.

For a stated consideration of \$6,000, August W. Carlson and wife have conveyed to Lewis H. Hills forty acres of land on Big Cottonwood creek, near Murray.

Yesterday's bank clearings were again far less than the abnormal totals prevailing a year ago. The aggregate yesterday was \$801,302, compared with \$1,219,464 for the same day of last year.

### ROOT CONGRATULATES WRIGHT.

Washington, July 2.—Secretary Root today cabled Acting Governor Wright of the Philippine commission the substance of the changes made in the Philippine civil government bill by the conference, and incidentally sent the following commendations of the commissioner's work:

"I congratulate the commission upon the confidence and approval of congress by its adoption of your recommendations and commendations and enlargement of your authority."

## STATISTICS

### SPRING CITY SUICIDE.

Mrs. James Hansen, Depressed in Spirits, Takes Her Own Life.

Ephraim, July 2.—Dr. Charles Jensen, county physician, reports a case of suicide at Spring City early this morning. Mrs. James Hansen, a lady 56 years old, was the victim. Mrs. Hansen has been alluring for more than a year past and it is thought that brooding over her affliction destroyed her reason and caused her to commit the rash deed.

At 2 o'clock this morning her husband awoke and found that she had left the house and immediately rose and started in search for her and stumbled across her body on the kitchen floor. After a search had been made and it was found that she had driven a butcher knife into her throat clear up to the handle. The knife was driven into the lower part of the neck and into the chest. The woman was evidently trying to reach her heart after the same manner used by William Miller.

The husband ran to neighbors for assistance, and when he returned the woman was sitting on her box as usual. He did not reach there until half an hour after the woman was dead. The doctor was called and he did not believe any inquest would be held.

The Emma Lucy Gates concert given in the tabernacle in this city last night was the greatest musical treat ever enjoyed by the people of this city. The gifted singer was at her best and she held the audience spellbound throughout the entertainment. The same was rendered at all places on her tour of the state.

### UTAH COUNTY SCHOOLS.

Contest for Superintendent Will Be Partisan.

Vernal, June 23.—At the Republican convention held at the opera house, Vernal, today, the present incumbent, N. G. Sowards, was nominated for county school superintendent. The Democratic primaries were held in the afternoon, and the result was a close contest between the two parties.

The Democratic ticket, which will mean a lively campaign, as there was no little bitterness engendered in the campaign of two years ago, when these same candidates were in the field.

Harry Zarnell, proprietor of the Little Chicago saloon, was up before Justice Camp yesterday on a charge of disturbing the peace, and was fined \$15. Later he was arrested on a charge of repeating the offense, and was locked up pending a hearing.

The sheepmen of the county are somewhat worried over the fact that no permits have been received for grazing on the forest reserve. The date of entrance to the forest reserve is August 1, and the sheepmen are waiting impatiently for the time to arrive, but now it seems they are at a loss as to what to do.

### SUIT FOR DAMAGES.

Mt. Nebo Company Charged With Disturbing Waters of Currant Creek.

Provo, July 2.—The Goshen Roller Mill & Elevator company has commenced suit against the Mount Nebo Land & Irrigation company and others for \$2,000 for diverting the waters of Currant creek, which plaintiff alleges it has appropriated for the purpose of operating its mill. The suit was filed in the district court at Provo.

Provo, July 2.—Franklin M. Jones, Jr., of Benjamin, aged 30, and Susan A. Hone of Provo, aged 22, have received a marriage license.

Mrs. Leah Payne of this city, a native of England, has been admitted to citizenship. Miss Chlo Holbrook, a native of Vermont, was very close to that of Miss Holbrook's.

Breaking the monotony and destruction of a long spell of oppressive heat and damaging winds, the gentle rains are descending, refreshing all nature and causing mankind to heave a sigh of relief.

### JUAB COUNTY COURT.

The Case of Charles Hone vs. the Mammoth Mining Co. Up for Trial.

(Special to The Herald.) Neph, July 2.—Elizabeth K. White vs. Alma White; the plaintiff was granted a decree of divorce from defendant on the grounds of desertion and failure to support. Plaintiff is also given the custody of the minor child and she is restored to her maiden name, Amanda Kearney.

The case of Charles Hone against the Mammoth Mining company was taken up for trial today, a jury impaneled and the evidence on the part of the plaintiff submitted. The plan is to bring out \$10,000 for injuries alleged to have been received by reason of the negligence of the Mammoth Mining company in permitting work in an unsafe place in the Mammoth mine. The plaintiff was knocked down while in a drift in the 30 at the time a cave occurred, by the concussion of the air, and while prostrate a car ran over his foot. The car was also driven forward by the concussion of air caused in the drift by the caving ground.

The plaintiff claims to have been permanently injured in his foot and hip. Judge Powers has the case for the plaintiff, and S. R. Thurman and Mr. Wells are representing the defendant. The case will most likely be concluded tomorrow.

### MANTI HAPPENINGS.

George Christensen Will Probably Be Nominated for State Senator.

Manly, July 2.—The defeat of George Christensen of Mt. Pleasant for the office of county clerk superintendent means that he will be the choice of the Democratic convention for the state senatorship. Such are the remarks of Democrats who are in a position to know, and they do not hesitate in saying that he will be the unanimous choice of the Democratic convention. It has been intimated here that if he should have an opponent it would be a man from his home town—most likely Ferdinand Erickson.

The county commissioners were here yesterday and today to attend to business, it being their regular monthly session.

County Game Warden Baxter of Gunnison will be here today to close up or protect the trout in the Cottonwood stream in our canyon.

The following marriage licenses were issued by County Clerk Jensen this week: William L. Johnson of Junction, Platte county, and Florence Johnson of Junction, Emery county; John E. Patterson of Beaver and Rosetta Christina Olsen of Spring City.

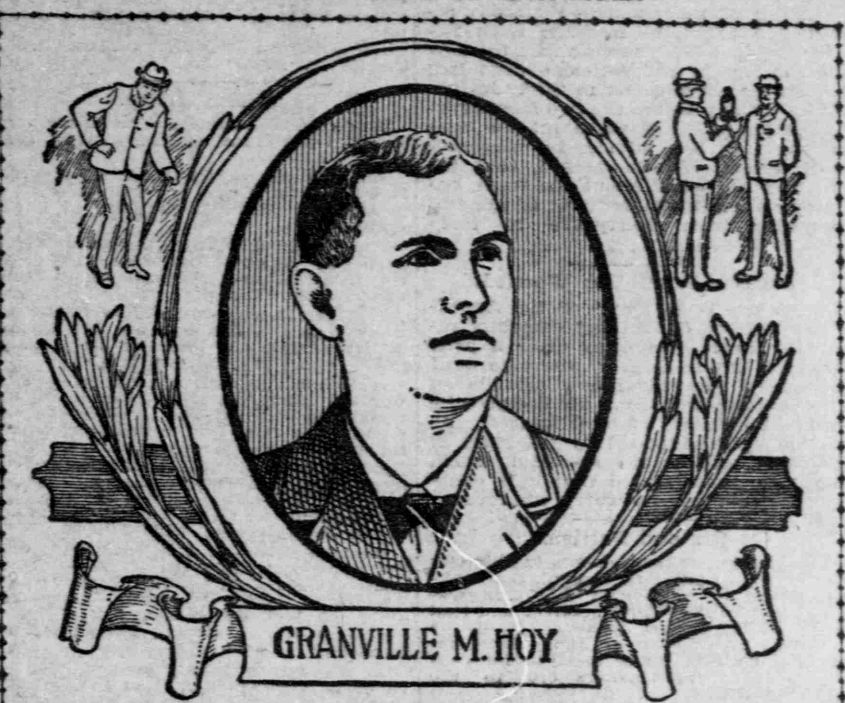

### MYSTERIOUS DISAPPEARANCE.

Friends of John F. Johnson Fear He Is a Victim of Foul Play.

Provo, July 2.—Friends of John F. Johnson, a stonecutter who was employed by the Beesley marble works for about four months, here to leave his wife and about 15 left June 16 and has not been heard from since that time, and it is feared he may have been committed suicide.

## "MY CURE WAS ALMOST A MIRACLE."

Says Mr. G. M. Hoy In Speaking of the Efficacy of Pe-ru-na For Catarrh.

Granville M. Hoy, Sheridan, Ind., is Past Grand, Independent Order of Odd Fellows, Lodge 661. In a recent letter he says:

"I suffered for years with liver complaint, causing me severe pains and a peculiar weakness across the small of my back, so that it was hard to stoop, and sometimes very painful to walk about. I had used so much medicine without deriving any help that I just let it go, until a neighbor was cured by Peruna. That led to my using it, and before I had used ten bottles I was cured. I consider it almost miraculous."—Granville M. Hoy.

CATARRH is liable to attack any organ of the human body. Many cases of kidney, liver and bladder diseases which baffle the doctor's skill are but catarrh of one or both of these organs. That Peruna is a cure for such cases the accompanying letters show.

Mr. W. L. Butler, 1088 Boulevard Ave., Kansas City, Mo., Secretary and Treasurer of the O. R. C. of America, writes: "There is nothing like Peruna for liver and bladder trouble. A number of railroad men have used it when they were broken down from the constant strain which they are obliged to undergo, and were greatly benefited by its use. I have used it frequently for myself and family and would not be without it for the world."—W. L. Butler.

as he had been drinking some the day before he left.

Mr. Johnson is 40 years of age, about five feet seven inches in height, weighs about 175 pounds, florid complexion, blue eyes, light sandy hair a little mixed with gray, heavy, round, badly mustache, speaks with a Scotch accent. He wore gray suit, coat and vest matching, trousers of different color, and a man of straw hat, creased on top, black lace shoes, six and one-half or seven, cotton shirt with white stripes.

Mr. Johnson said he had a father and mother in Scotland. It is not believed he had any relatives in this country. He also said that he had been in Alaska for about four years previous to coming here. He was a fine workman and a man of more than ordinary intelligence, and a Mason in good standing.
